So lution n, a solution is a product, service, or combination of both which is said to solve a business or consumer's problem

Look into leasing.....

It costs nothing to ask Commercial Finance Solutions about leasing your next vehicle, truck or plant and equipment item. With over 22 years history in finance & leasing, rest assured of getting sound advice.

Commercial Finance Solutions will provide you with peace of mind - We're experienced and able to offer knowledgeable, impartial advice and will ensure you get not just the best finance product but one tailored to meet your individual circumstances. You can feel secure knowing that we will be able to assist you with your future requirements.

We will save you money - As well as receiving a competitive interest rate, where applicable you will directly benefit from significant lease company discounts available on many new vehicle brands. With a finance product and repayment structure tailored to meet your circumstances we will ensure that your finance arrangement fits your budget and cash flow and minimizes your ownership costs.

We will save you time and effort - Our "customer focused" approach takes the hassle out of arranging finance. Simple paperwork, fast application turnaround and we're able to come to you, all combine to ensure you spend as little of you valuable time as possible sorting out your finance.
